

# LEO MORARD

## IT STUDENT

### JOB OBJECTIVE

I am currently studying for a bachelor's degree in computer science. I am a curious person with a passion for learning, particularly in the field of computer science. University has taught me to be adaptable, and I am quite independent in my work. I am looking for an internship in the field of computer science, specifically in database management. This internship is essential for completing my studies and deepening my practical knowledge in this field.

### WORK EXPERIENCES

2024/2025/2026 IUT ANNECY (INFORMATIQUE) – Annecy, France : Team university project :

Designing a video game in C# with a WPF interface with Visual Studio

Creation of an existing website (Cube) in HTML, PHP, and JavaScript using Laravel, as well as reproduction of the database for the site.

The creation of a database with Postgres accompanied by a Power BI report

### EDUCATION AND QUALIFICATION

2024 / now BUT Informatique (Technical Bachelor's Degree in computer science) 3-year undergraduate diploma – Second year in progress University of Savoy / IUT Annecy – Annecy-le-Vieux, France
